TO CALL ANOTHER PARTY ON YOUR LINE

NOTICE TO ALL CUSTOMERS: If you wish to know who is on your line, Dial "Repair Service". (See Page 1)

If the number you are calling is always busy, it could be that the party you are calling is on your line. Call Repair Service for directions on how to place these calls.

RIGHTS AND RESPONSIBILITIES OF CONTINENTAL TELEPHONE COMPANY OF ARKANSAS AND OUR CUSTOMERS

Continental Telephone Company of Arkansas will issue a bill not less than every 28 days or more than 31 days (except for number change), outlining your toll calls, local service charges and federal, state and local taxes. Payment will be due upon receipt and will become delinquent 16 days after mailing. In the event your bill becomes delinquent, a shut-off notice will be included with your next month's bill stating the date by when the bill must either be paid or arrangements made in order to avoid shut-off. Service will be reconnected only when proof of payment is received in the local Business Office. A restoral of service charge will be applied if your service is disconnected.

A copy of this shut-off notice will be mailed to a third party if such a request is received from a customer.

Under our billing procedures and subject to rules established by the Arkansas Public Service Commission, we may require a deposit or a guarantee of payment. The criteria upon which a deposit may be required are: initial credit given warrants, service shut-off due to non-payment, issuance of two insufficient fund checks in the preceding twelve months or delinquent on two bill payments in the preceding twelve months.

Should a customer to whom service is rendered be unable to pay a bill in full, the customer and the utility may enter into a payment agreement whereby the customer pays a reasonable portion of the bill and agrees in writing to pay the balance in reasonable installments. Service can be disconnected if the agreement is not kept. In addition, the customer is required to pay in full all bills rendered during this agreement by the due date.

In the event your bill becomes delinquent when a member of your family has a medical emergency requiring the continuance of your telephone service, please call your Business Office and we may continue your telephone service during such emergency for up to 30 days. Our telephone number is listed on Page 1 of this directory. Arrangements can also be made with our Business Office to avoid discontinuance during a period of extended absence from your home. Our Business Offices are open Monday thru Friday to answer any questions you have concerning your billing.

This telephone company is regulated by the Arkansas Public Service Commission and you can make an informal complaint in writing or by telephone or personal appearance to the Commission without the need of legal assistance. The Commission's office is located at 1000 Center St., Little Rock, Arkansas 72203 and their toll free number is 800-482-1164, with mailing address of P.O. Box C-400, zip 72203.

TYPES OF LONG DISTANCE CALLS

Station-to-Station

Direct Distance Dialed (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls and charging begins when the telephone you've called is answered.

Person-to-Person

Call person-to-person when you wish to talk with a particular person or extension. Tell the Operator you wish to make a "person-to-person" call and give the Area Code for the city you want, the telephone number, and the name of the person you are calling. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

Collect

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, tell the Operator and give the Area Code for the city you want and the telephone number.

International calls

You can call practically anywhere in the world by dialing the operator. However, some customers can dial overseas calls directly to many countries. See the International Calling section for more information.

Conference

You can talk with several people in different places at the same time. Dial "0" and tell the Operator you wish to make a conference call.

Mobile and Marine

You can make Local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator.

Inward WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have Inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial the access code plus Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for Inward WATS dial the Access Code plus Area Code 800 plus 555-1212.

Time and Charges

Customers, when placing calls, may request from the "OPERATOR" the amount of time charged to the call and the costs associated with the call.

Bill to the Third Number

Customers may place calls and transfer the charges to another telephone, subject to verification by the operator. This service requires "OPERATOR" assistance. The call may be either station-to-station or person-to-person.

Calling Card

A telephone calling card is a convenient way of making Long Distance calls when away from home. All calls placed using your calling card will be charged to your home or business telephone number. To apply for a calling card, call our business office.

Coin Calls

From coin telephones, see the instruction card on or near the telephone, or dial "OPERATOR".

LONG DISTANCE CALLING

your area code is 501

BEFORE YOU CALL, CONSIDER THE FOLLOWING:

- How your phone is equipped: Phones **in this locality** are equipped for "Zero Plus" calling of person-to-person, collect, calling card calls and calls charged to a third number, in addition to "One-Plus" calling (see instructions below).
- Coin Phones: Look at the instruction card on the phone.
- Area Codes: Your Area Code is 501 (see page 11 for others).
- Telephone Numbers: If you don't know the telephone number, you may dial Directory Assistance in the distant city, as follows:

  1 + Area Code (if different from yours) + 555-1212.
  When the Directory Assistance Operator answers, give the city or town, then the name and address you wish to call. Jot down the number for future reference.

MAKING YOUR CALL:

• STATION-TO-STATION

1 + Area Code (if different from yours) + Phone Number.

• PERSON-TO-PERSON, COLLECT, CALLING CARD, and calls charged to a THIRD NUMBER:

0 (zero) + Area Code (if different from yours) + Phone Number.

When the Operator comes in on the line, say what type of call you've dialed. The Operator will ask for the information necessary to complete the call.

• ALL OTHER CALLS:

Dial Operator. Tell the Operator the type of call you're making, then give the necessary information.

You will not be charged:

- If you hang up before the complete number is dialed.
- If the phone you called is busy or does not answer.
- If you reach a wrong number. (Dial the Operator immediately.)

IF YOU NEED HELP

If you are cut off, encounter difficulty in hearing or experience any other trouble, just dial "0" and the Operator will be glad to help you.

AREA CODES FOR FASTER LONG DISTANCE CALLING

AREA CODES FOR SOME CITIES

Dial 1, then dial the Area Code, followed by the telephone number.

Directory Assistance for all points can be reached without charge by Direct Distance Dialing. Dial 1, then the proper area code and 555-1212.

(8) Total cost of individual call.

(9) Total charges for long distance calls, excluding taxes.

(10) Long Distance discount.

GENERAL INFORMATION

The telephone instrument and equipment remain the property of the company (providing such instruments and equipment are leased on a monthly basis) and may be removed at any time for failure to comply with company rules or for nonpayment of bills.

Telephone service will be installed at a location mutually agreed upon by the Company and the customer subject to the established service connection charge.

The Telephone Company may change the number of a customer's telephone if the requirements of the service demand it.

Bills are due upon receipt and become delinquent after date shown.

Customers are responsible for the payment of all toll messages originating from their telephone.

Customers are expected to handle the instruments with care, and will be expected to pay for unnecessary damage.

No attachments of any kind may be made to poles or wires without approval of the Company.

The Telephone Company assumes no liability for suspension of service caused by accident, weather or other causes.

No binder, holder or auxiliary cover of any advertising nature shall be used in connection with this telephone directory.

If service is interrupted for more than 24 hours other than by the negligence or willfull act of the customer, an allowance at the minimum rate for the telephone facilities and class of service affected at the time of the interruption shall be made for the time such interruption continues, after notice and demand to the Company. No other liability shall in any case attach to the Company on account of interruptions of service.

The vast majority of all directory listings are correct. But, as with any job of this size, some errors are bound to occur. If your listing in the directory is incorrect, it cannot be changed until the next edition of the directory is issued. In the meantime, we can make sure the listing is correct in Directory Assistance records. In some cases it is possible for calls to an incorrect number to be rerouted to the correct number. To arrange this, call your telephone business office. The number is on your phone bill and in the front of your telephone directory. Your service representative will be happy to help.

Statement Of Nondiscrimination

Continental Telephone Company of Arkansas has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

WARNING

EMERGENCY CALLS ON PARTY LINES

Anyone who fails to immediately release a party line when informed that the line is needed for an emergency call to a fire department or police department or for medical aid or emergency service is guilty of a misdemeanor and subject to a $1,000 fine, one year in jail, or both. This also applies to anyone who secures the use of a party line by falsely stating that it is needed for emergency purposes—"emergency" being defined by the law as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

LEWD LASCIVIOUS OR INDECENT LANGUAGE OVER THE TELEPHONE

Another violation of Arkansas law, punishable by $1,000 fine, one year in jail, or both, is a call made for the purpose of harrassment, annoyance or to cause alarm. Anyone who makes such a call or causes a telephone to ring repeatedly, with no intention of conversation, or knowingly permits any telephone under his control to be used for these purposes shall be in direct violation of the Arkansas law.

INTENT TO DEFRAUD

It shall be unlawful for any person to obtain or attempt to obtain, by the use of any fraudulent scheme, device, means or method, telephone or telegraph service or the transmission of a message, signal or other communication by telephone or telegraph, or over telephone or telegraph facilities with intent to avoid payment of the lawful price, charge or toll therefor. Any person who violates any provision of this statute is guilty of a misdemeanor and upon conviction shall be prosecuted.

CAUTION

The use of your telephone during an electrical storm could result in an electrical shock. Telephone use should be restricted during electrical storms.

EMERGENCY INSTRUCTIONS: POPE, YELL, LOGAN AND JOHNSON COUNTIES

Notification

The primary emergency planning zone for Arkansas Nuclear One is a circular 10-mile area around the plant as the map indicates.

An Early Warning System for the emergency planning zone has been provided by AP&L. This system consists of both sirens and tone-activated radios to alert residents of possible emergency actions. (If the sirens are sounded or the emergency broadcast system is activated, DO NOT EVACUATE. This is a notice to turn your radio on and await further instructions.)

Radio stations in your area which will be broadcasting emergency messages during an emergency are: KARV, 610 AM; KCAB, 980 AM; KLYR, 1260 AM; KCCL, 1460 AM; KWKK, 102.3 FM; KLYR, 92.7 FM.

When you are alerted, do not leave your home. Turn on your radio, and await instructions as to what action, if any, you and your family should take.

Above all, stay calm. The Early Warning System and emergency plans have been developed to insure your safety. There will be plenty of time for you and your family to take action after you are notified. Remaining calm is an important factor to you and your neighbor's safety. Follow instructions and do not overreact.

Avoid Using The Telephone

Under all emergencies, avoid making telephone calls. All telephone circuits will be needed by emergency workers, and overtaxing of facilities will only add to the confusion and delay. All emergency information you will need will be provided by your local radio stations.

Emergency Actions:

Sheltering

Under many conditions, sheltering may be the preferred action to insure your safety. Sheltering means to stay inside your home or office, with windows and doors closed and the air conditioners or fans off. Limited radioactive releases would require this type of action.

Area radio stations will advise you on taking this action and will also give you the "all clear" signal.

Evacuation

Should health authorities decide that conditions warrant evacuation as a precaution, you will be notified via your local radio stations. Conditions which might warrant such actions include: radioactive releases, toxic chemical spills and floods.

In the event of an evacuation during school hours, school officials will receive early notification, and students will be taken to the designated care center for the area where the school is located.

Evacuation Aids:

Maps

The emergency planning zone, as shown on the map, is divided into sectors 1 through 16 to permit evacuation—when required—of only those residents who would possibly be affected. (Only the most serious emergency situations would dictate evacuation of the entire 10-mile planning zone.)

Route

When an evacuation is ordered, above all stay calm, for there will be plenty of time. You should evacuate the area along the routes designated and proceed to your designated care center.

Care Centers

Care centers are located in the high school gymnasium in Hector, Morrilton, Danville, Paris and Clarksville. Traffic control points will be established outside these centers to direct you there.

Monitoring and Registration

You must report to your designated care center. For a radiological emergency you will be monitored for possible radiation and will be registered. After you have been checked and have been registered, you may go to the home of a friend or relative, so long as it is outside the 10-mile emergency planning zone, or stay at the center.

Personal Items

Before you leave home, you should insure that needed personal items are available to take with you.

Here are some suggestions as to what you may want to take with you:

Change of clothing; flashlight and batteries; soap, shaving articles; sanitary napkins; towels; washcloths; first-aid kit; baby supplies, if needed, such as diapers, bottles, etc. (You should decide what personal items you may need and list these in advance.) Again, you will have time to evacuate.

So, above all, stay calm!

Pets

There are no provisions for pets in the care centers. Before you leave home, you should provide your pet with food and water for two or three days.

When You Leave

When you leave your home, tie a white cloth or handkerchief to the front door or to a post to notify law enforcement officers, who will be checking the area, that you have left.

How Long?

The duration of any evacuation would be determined by events, but it would probably be for no longer than 2 or 3 days. The State Health Department will determine when it is safe to return to your home, and you will be advised by officials and the designated care centers and information carried by area radio and television stations.

Need Special Help?

If you are handicapped and would require special notification or transportation, call Arkansas Nuclear Planning and Response at (501) 968-7171 Monday through Friday 8:00 a.m. until 4:30 p.m.

Storm Protection

Stay away from windows, doors and outside walls. Protect your head.

In homes and small buildings, go to the basement or to an interior part on the lowest level—closets, bathrooms or interior halls. Get under something sturdy.

In schools, nursing homes, hospitals, factories and shopping centers, go to pre-designated shelter areas. Interior hallways on the lowest floor are usually best.

In high-rise buildings, go to interior small rooms or hallways.

In mobile homes or vehicles, leave them and go to a substantial structure. If there is no shelter nearby, lie flat in the nearest ditch, ravine or culvert with your hands shielding your head.

Tornado Watch: Tornadoes and severe thunderstorms are possible.

WHAT TO DO ABOUT ANNOYING TELEPHONE CALLS

Here are some suggestions that will help you handle annoying telephone calls and perhaps keep them from recurring.

Annoying sales or survey calls

1. A telephone call is just as personal as a face-to-face conversation. Don't feel obligated to answer questions just because the caller sounds "official." Don't answer questions on the phone you wouldn't answer if they were asked by a stranger on the street.

2. Always find out who is calling; the name of the person and the company he or she represents.

3. If the caller is a salesperson and you aren't interested, say so. Ask the caller to send you all the information in a letter so you can consider it at your leisure.

4. If you don't recognize the name of the company conducting a survey, offer to call back or ask the caller to call you again after you have time to check the firm with the Better Business Bureau.

5. Remember, it's your phone and your time. If you're simply not interested, say so. If the caller is rude enough not to let you go graciously, hang up.

Nuisance calls

1. Always use the telephone on your terms, not those of the caller. Don't talk to anybody unless you want to.

2. Ask the caller for his or her identity. When a voice asks, "Who is this?" don't answer. Instead ask "What number did you call?" or "Who do you want?" If the call isn't legitimate, that very likely will end it.

3. Tell your children and their baby-sitter never to talk on the phone to anybody they don't positively recognize. An innocent comment like "Daddy's out of town" could be helpful to a burglar. Teach them to ask for the number so someone can call back later.

4. If the caller remains silent after you answer, *hang up!* Some want to listen, just to see what you'll do, particularly to see if you'll be angry. It isn't much fun listening to a dead line.

Abusive, harassing or obscene calls

1. As with the milder nuisance calls, this caller might remain silent for a little while. Don't give the caller a chance to get started. Hang up!

2. If a caller makes any obscene or suggestive remarks, hang up.

Threatening calls

In this category are the extreme cases—the bomb threats, the threats to life and property, the threats of kidnapping, robbery or bodily injury to members of your family. Sometimes, too, these calls are repeated over an extended period of time to harass and frighten a family. If you are unfortunate enough to be a victim of such a campaign, *call the police and call the telephone company—immediately.*

We will work with you and the police to eliminate the problem.

Persistent annoying calls

If you keep getting annoying calls, apparently from the same person, after you've used the techniques suggested on this page, call the telephone company's business office. We'll do our best to help.

We have representatives who are trained to investigate and help identify the source of these calls.

CUSTOM CALLING SERVICES

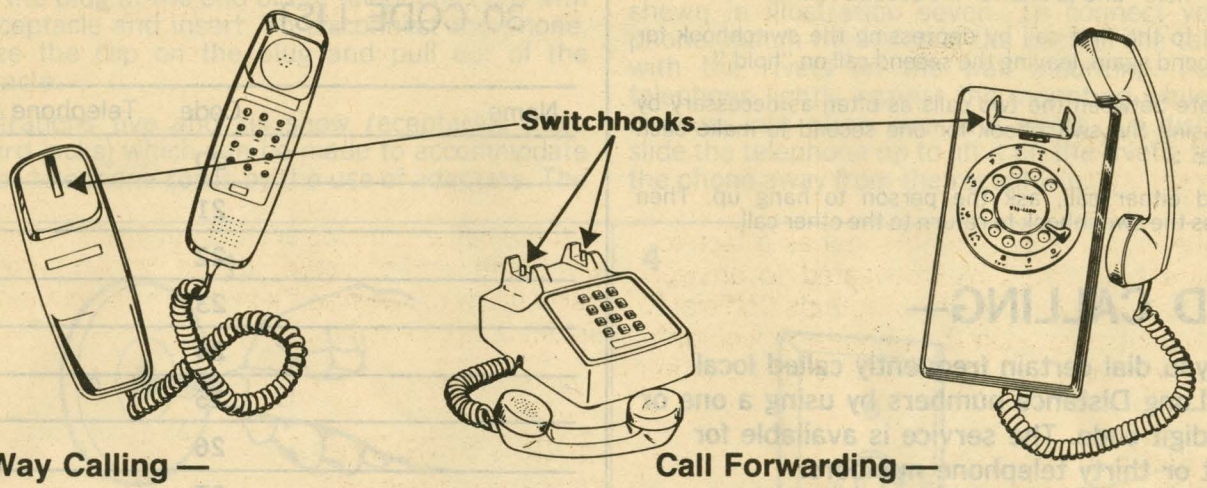
RUSSELLVILLE, ARKANSAS

Custom Calling Services are optional services which allow customers to do more with their telephones.

These services can be used with all styles of rotary dial and push-button one-party telephones. They are available to our Atkins, Dardanelle, Dover, Hector, London, Pottsville and Russellville customers.

Customers may get any of the Custom Calling Services separately, or a package of three or more. For availability and price information, call your business office.

Listed below are instructions on how to use each service.



Three-Way Calling —

lets you add a third party, local or Long Distance, to your telephone conversation.
This service can save the expense of some conference calls.

1. Depress the switchhook for one second. This places the original call on "hold."

2. Listen for three rapid tones followed by a dial tone.

3. Dial the number of the person you want to add to your conversation. When that person answers, you can talk privately before bringing the original call back into the conversation.

4. To add the original call, depress the switchhook for one second. This returns the original call to the line and establishes the three-way call.

5. If you try to add a third person and the phone is busy or doesn't answer, cancel that call by depressing the switchhook twice, releasing immediately each time. This will return you to the original call.

6. To remove either call from your three-way conversation, ask one of them to hang up. You can continue your conversation with the remaining person.

7. To disconnect the third person, depress the switchhook.

8. When you hang up, all calls are disconnected.

Call Forwarding —

lets you transfer your incoming calls to any other telephone number.

1. Dial 72. After a four-second pause*, you will hear a second dial tone.

2. Dial the phone number you want your calls forwarded to. You'll hear two short tones followed by ringing. When the other phone is answered, Call Forwarding is in effect. Tell the person answering that your calls are being forwarded to their number.

3. If the called telephone is busy or does not answer, hang up, immediately repeat step one and redial the number your calls are to be forwarded to. When you hear two short tones, hang up. The service will automatically be in effect.

4. To verify that Call Forwarding is in effect, dial your own number. If you hear a ringing, the service is working.

5. Your telephone still can be used to place outgoing calls, even though your incoming calls are being forwarded.

6. While forwarding is in effect, your phone will ring once when someone calls you. However, calls can only be answered at the phone they're being forwarded to.

7. This service can be used for local or Long Distance calls. However, when your phone forwards a Long Distance call, your number will be billed for that portion of the call from your phone to the one where calls are being forwarded. (Transmission is not guaranteed on calls forwarded to a Long Distance point.)

8. To restore your phone to normal service, dial 73. After a four-second pause*, you will hear two short tones, followed by a dial tone. This indicates that Call Forwarding has been cancelled.

*If you have a push-button phone, you may depress the number button (#) to eliminate the four-second pause.

CALL WAITING—

lets you know when someone is trying to call you while you're on the phone.

1. A short tone will signal you that another call is waiting on your line. One reminder tone will sound 10 seconds later if you do not resopnd to the first signal. (The person calling will hear a normal ringing tone until you answer.)
2. Depress the switchhook for one second to place the first call on "hold" and to answer the second call.
3. Return to the first call by depressing the switchhook for one second again, leaving the second call on "hold."
4. Alternate between the two calls as often as necessary by depressing the switchhook for one second to make each change.
5. To end either call, ask the person to hang up. Then depress the switchhook to return to the other call.

SPEED CALLING—

lets you dial certain frequently called local and Long Distance numbers by using a one or two digit code. The service is available for eight or thirty telephone numbers.

1. Listen for dial tone.
2. Dial the speed calling code. (Codes are 2 through 9 for 8 Code Speed Calling and 20 through 49 for 30 Code Speed Calling.) If you have a push-button phone, you can depress the number button (#) to eliminate the usual four-second pause after calling.
3. To enter or change a number on your Speed Calling List:
   A. Listen for dial tone, dial activate code 74 (for 8 code list) or 75 (for 30 code list).
   B. Depress "#" button to eliminate a pause. (Omit this step if you have a rotary dial telephone.)
   C. Listen for second dial tone, dial Speed Calling code.
   D. Dial the complete local or Long Distance number that you are assigning to each Speed Calling Code.
   E. Listen for two spurts of tone to confirm your entry.

HOW TO CONNECT OR DISCONNECT YOUR PHONE

The illustrations below should be helpful to you when installing or disconnecting your telephones.

Illustrations one through four show wall receptacles (standard jacks) which can accommodate modular telephone cords. To install your phone, match the plug at the end of the telephone cord with the receptacle and insert. To disconnect the phone, squeeze the clip on the plug and pull out of the receptacle.

Illustrations five and six show receptacles (non-standard jacks) which can be made to accommodate modular telephone cords by the use of adapters. The adapters simply plug into the receptacle. With the adapter in place, follow the above steps to install your phone.

A receptacle for a wall mounted telephone is shown in illustration seven. To connect your wall phone, match the holes in the back of the telephone with the rivets on the wall mounting. Push the telephone lightly against the mounting while sliding it down into place over the rivets. To disconnect, slide the telephone up to lift it off the rivets, then pull the phone away from the receptacle.

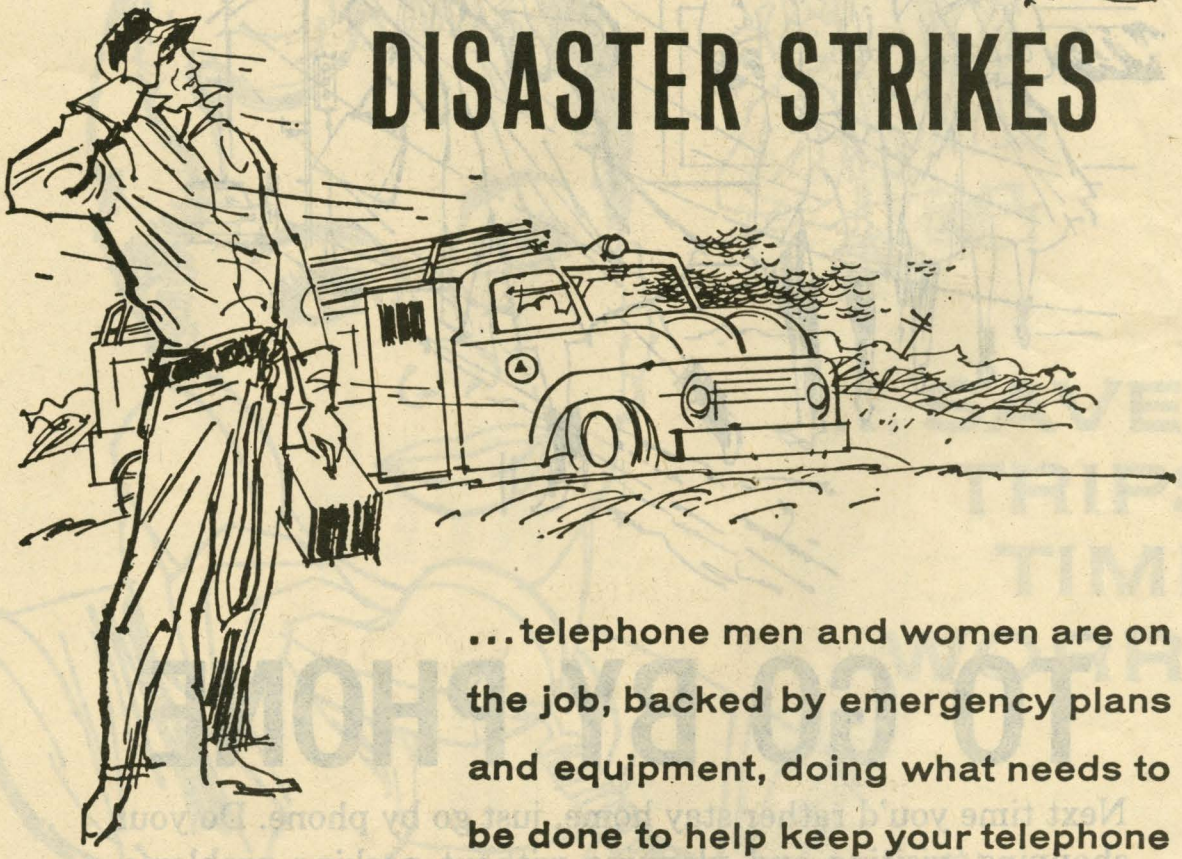
WHEN STORMS BLOW, EMERGENCIES HIT, OR

DISASTER STRIKES



...telephone men and women are on the job, backed by emergency plans and equipment, doing what needs to be done to help keep your telephone services ready to serve you.

A PERFECT DAY....

TO GO BY PHONE

Next time you'd rather stay home, just go by phone. Do your shopping, visiting and planning without parking problems, umbrella or galoshes. You'll find you can get a lot done by telephone — quickly, easily, conveniently.

KEEPING A FAMILY TOGETHER BY TELEPHONE

... SAVES TRIPS, TIME, WORRY.

WHAT AN EASY WAY TO KEEP IN TOUCH!

Errands?
Visits?
Plans?

Your telephone—one of the most essential services in your home—is ready to help you get things done . . . ready to take your voice anywhere, anytime.

Yellow Pages...

Find every product and service you want—from air conditioning to zippers—listed in the Yellow Pages. Get valuable information on brands, services, special features, dealer locations, business hours.

And remember, you save time, temper, tires—and your feet, when you shop the easy Yellow Pages way!

P.S. Mr. Businessman: Make sure you're represented in the Yellow Pages under all the products and services you handle. You'll make it easy for people to find you when they're ready to buy.

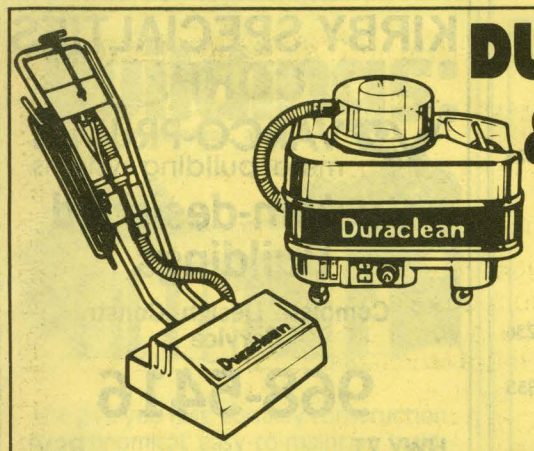
DURACLEAN CARPET, FURNITURE & DRAPERY CLEANING



When furnishings are scrubbed or when "do-it-yourself" sudsed "steamed" or shampooed powdered or sprayed much or all of the clinging, greasy grime goes deeper, to breed germs and to seep back to resoil the surface.

Let us also tell you... about our new, Exclusive Extractovator Process
• Latest technology for cleaning large carpet areas without damage caused by over-wetting
• Safe, mechanical foam extraction of deeply-embedded soil

When **Duracleaned,** soil comes *OUT*

Laboratory tests showed scrubbing took out only 46% as much soil as Duraclean. Do-it-yourself ways removed less or NONE.

Leading carpet and furniture makers recommend Duraclean Craftsmen to take the soil OUT and to prolong the life of the fabrics and carpetings they make.

No soaking or scrubbing. Dull colors revive...pile rises...fabrics enliven.

7 ON-LOCATION SERVICES

include: soil retarding, moth-proofing, replacing carpet tufts, fire resistance, control of carpet static, stain removal. Worldwide.

REFUND OR REPLACEMENT GUARANTEED TO CONSUMER BY PARENTS' MAGAZINE IF PRODUCT OR PERFORMANCE IS DEFECTIVE & REPORTED WITHIN 30 DAYS OF PURCHASE

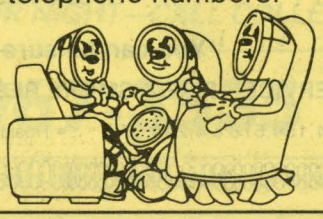
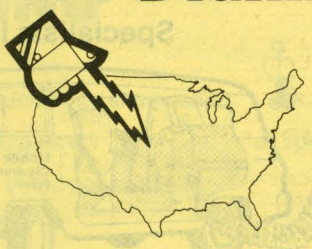
THREE-WAY CALLING

Three-Way Calling enables you to talk with two people in different places at the same time.

It's as easy to use as dialing two telephone numbers.



Direct Distance Dialing



Direct dialing puts your long-distance friend at your side. By not using the operator, you reach your pal directly. And, you save money in the process.

Direct Distance Dialing is faster, easier, and more personal.

See this directory's introductory pages for instructions on Direct Distance Dialing. It's as easy as dialing your next-door neighbor.

Our Insurance Policy

If you have qualifying health insurance that covers chiropractic care and if you are accepted as a patient...we will accept whatever your plan pays as a payment in full! You don't even have to pay your deductible or co-payment (up to $100.00 deductible & 20% co-payment) because we are willing to assume them. This means treatment at Davis Chiropractic Office won't cost you anything out of your pocket.

Our insurance administrator will be happy to assist you in finding out your coverage.

Call Waiting

Call Waiting alerts you to an incoming call when you're on the phone.

This means your teenager--or you--can have that long conversation, even when you are expecting another important call.

Call Waiting is like having two lines in one. You won't miss important calls...or have to avoid the phone when you're expecting them.

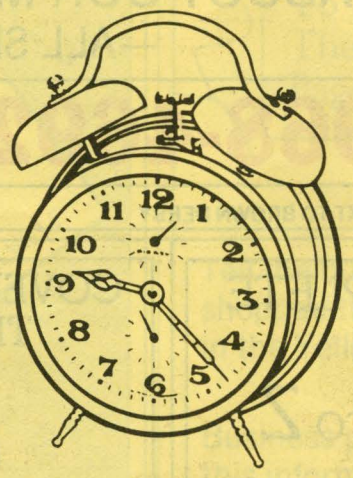
The Yellow Pages Clock Never Winds Down



The Yellow Pages are awake when you are, ready to help you make decisions.

They're there 24 hours a day, 365 days a year, with information on businesses, services, crisis lines, helping agencies, and guides to the city.

Yellow Pages serve you at all hours—they don't punch a time clock.

Searching For The Right Service?

There's no need to start a major hunt.

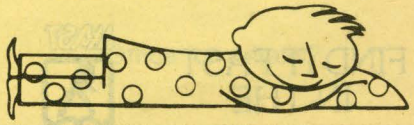
Just look in the Yellow Pages.

There, businesses and services are listed by type.

For big game or little trinkets, for baggage carriers to animal care, the Yellow Pages will guide you.

SLEEP WELL TONIGHT

Your telephone service is always awake... Ready to help you when you need it.



555-1212 is a magic number. You can obtain distant telephone numbers in cities throughout the country, simply by dialing one, plus the area code (if it's different from yours) plus 555-1212. It's the universal directory assistance number.
